Join hands for a unified 'European Area' at the Renewable Energy India (REI) Expo 2015 23 - 25 September 2015, New Delhi

We invite you to be a part of the proposed unified 'European Area' at the Renewable Energy India (REI) Expo 2015 - a premier event in India for the energy industry.

This new concept aims to leverage Europe for more impact, and provide more visibility for you (our Member States) in India.

We hope this interests you, and would appreciate it if you could take a short survey. We've created this in order to gauge interest and take the next steps accordingly.

Thank you for taking the time out to give us your inputs, and we hope you will be joining us in our endeavour to create a unified European presence at the REI Expo 2015.

Kind regards,

Mr. Vittalkumar A. Dhage (Energy Sector Specialist, EBTC)

Take the survey

The concept:

- EU branded European Pavilion or individual stalls.
- Branded booths for each individual participant
- Main entrance 'managed' by EBTC
- Common shared area for B2B's
- Visitors Lounge / Conference Rooms
