Brief description of the company

(Provide a short description of your company's activities, products and/or services, advantages and innovation)

THE ACTIVITIES OF THE COMPANY "ATANASOV 67 AND SON" LTD, GENERAL TOSHEVO, BULGARIA

The company "Atanasov 67 and Son" Ltd. Bulgaria was established in 2008 with the aim of growing lavender plantations and honey, and the company's activity is aimed at the production of pure, natural and certified lavender oil, lavender hydrolate and pure natural honey.

The farm is located in North-Eastern Bulgaria, where the qualitative characteristics of the soil and climate are combined. The cultivated areas in the farm with lavender plantations are 3.5 hectares and 20 bee families.

Lavandula angustifolia mill is cultivated. in particular the Seutopolis variety, which has a unique and long-lasting mild and subtle aroma. The Farm has its own machines for processing and harvesting lavender, using the distillation production facilities of another company.

Bulgaria is a world leader in the production of lavender oil. Since 2008, the company Atanasov 67 and Son EOOD has specialized in the cultivation of lavender in the Dobrudja region in North-Eastern Bulgaria. The unique combination of a mild, continental climate with dry, sunny summers and rich soil makes Dobrudja one of the best regions in Europe for growing lavender.

produce are of the highest quality.

Manufactured products

1. Lavender oil - pure, natural and certified lavender oil from the lavender angustifolia species from conventional cultivation.
2. Lavender hydrolate
3. Lavender honey
4. Sunflower honey

5. Bee pollen

6. Beeswax
