Our family has been growing Damask rose and lavender for more than 20 years. Our plantations are located in the town of Gurkovo in the Rose Valley of Bulgaria. With the accumulated experience and the desire to create quality natural products from our harvest, the idea of creating our Krimas brand was born. Krimas is a Bulgarian brand with organic and 100% natural products without artificial impurities. Our rose water is high in rose oil - without being extracted. It is important to us that all our customers receive the best products to maintain the health and appearance of their skin.
