

Opportunities for EU Member States involvement, 11-12 May 2011

- **EU Member States are invited to organize country-specific sessions/workshops within the framework of the 'Global Technology Partnership Forum'.** Sessions can either take place in parallel to the sector-specific sessions on DAY ONE or all throughout DAY TWO.
- **EU Member States representations have the opportunity to book a country-specific 'pod' within the 'European Cleantech Pavilion'.** The Pavilion in the exhibition area of the 'Global Technology Partnership Forum' will showcase on 120m² EU's excellence in renewable energy, water and waste water technologies. Delegates will use this facility to exhibit, network and promote their innovative product and technology solutions. Approx. 600 high-level representatives from Indian Industry are expected to visit the exhibition area throughout the event.
- **EU Member States are invited to propose speakers for the sector-specific sessions** on Day One (Renewable Energy, Waste and Water Management).
