

ALGERIA LAB EXHIBITION AND CONFERENCE 2018

PRESS RELEASE

The largest event for medical laboratory solutions, products and technologies in Algeria

Welcome to **Algeria Lab 2018**, the Middle East's largest medical laboratory solutions, products and technologies in Algeria on **3-6 October 2018** at **Palais des Exposition, SAFEX, Algiers, Algeria**.

Algeria Lab is the largest event for medical laboratory solutions, products and technologies in Algeria under the patronage of the Ministry of Population and Hospital Reform.

Algeria Lab attracts decision makers, distributors and industry professionals from Algeria and the entire Maghreb region to come together and do business. Alongside with the exhibition, there will be conference and free-to-attend workshops which offers attendees and opportunities to learn from industry experts for 4 days.

Alongside with Algeria Lab, there will be a co-located event called Algeria Health – the largest healthcare international event in Algeria.

The event will also feature **Buyer's Concierge**, a professional networking platform which consist of 50+ pre-selected high spending buyers designed to meet the right medical laboratory products and service providers for their businesses through the exhibitors during the event.
