What is Aerospace & Defense Meetings Brno?

ADM Brno is a B2B event connecting aerospace and defense professionals in Central Europe. It brings together OEMs, suppliers, and decision-makers to foster innovation, build partnerships, and supports the region's industrial growth.

Expected 2026 Key Figures

18 countries

3000 B2B meetings

200 companies

500 participants

Why Brno?

Brno is a key aerospace and defense hub, with a strong industrial base, world-class research institutions, and active participation in European space programs, offering unique opportunities for innovation and collaboration.

- 120+ aerospace firms
- 2,000+ professionals in the sector
- 5.5B CZK turnover
- ESA BIC incubator & Brno Space Cluster
- Top universities & R&D centers
- Aircraft engine design & production capabilities
- 350+ ESA collaborations
