I have read the general terms and conditions and in particular the [TERMS & CONDITIONS FOR PARTICIPATION](#) for AHK Industrial Suppliers Forum and hereby accept all the clauses thereof and request to take part in the event.

With your registration for the AHK Industrial Suppliers Forum on November 19th, 2020, the data you entered in the registration form will be stored by the German-Polish Chamber of Industry and Commerce (Organiser), and by the German-Slovenian Chamber of Industry and Commerce (Partner). If you register via the website of a Partner, your data will be stored by the Partner and forwarded to the German-Polish Chamber of Industry and Commerce (Organiser). This is necessary to process your registration and offer you a virtual exhibition stand and/or other services.

For further information - also regarding your right of objection and right of information - please refer to the [German-Polish Chamber of Industry and Commerce Privacy Policy](#) and the [German-Slovenian Chamber of Industry and Commerce Privacy Policy](#).

I hereby give my consent to my personal data being processed by the German-Polish Chamber of Industry and Commerce or by entities authorised by the German-Polish Chamber of Industry and Commerce, for the purposes related to organising AHK Industrial Suppliers Forum.

I give my consent to receive commercial information from AHK Polska through electronic means of communication (email address provided above) and telecommunication devices (telephone number provided above).

I give my consent to receive commercial information from AHK Slovenia through electronic means of communication (email address provided above) and telecommunication devices (telephone number provided above).

The deadline for applications is Thursday, October 15, 2020. Admissible as exhibitors are enterprises and entities whose objects of business conform to the index of products and services defined above. The Organiser reserves the right to expand the range of eligible exhibitors and has the final decision on admission and allocation of desired stand size/location.
