

Announcement from CCIC East Europe Co., Ltd

Established according to the agreement between the relative government organizations of Hungary and China, CCIC East Europe Co. Ltd (CCIC Kelet-Európai KFT) has officially declared its opening in Hungary's capital city Budapest in September.

China Certification & Inspection Group (CCIC) is an independent third party certification and inspection organization dedicated to providing inspection, certification and testing services, under accreditation and authorization by General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China (AQSIQ) and Certification and Accreditation Administration of the People's Republic of China (CNCA). Over the past 30 years, CCIC has become a comprehensive one-stop testing and inspection service provider for international clients in the fields of quality, safety, health and environment protection. Now CCIC is the biggest and most influential multi-national inspection & certification organization in China.

The main activities of CCIC East Europe Co. Ltd (CCIC Kelet-Európai KFT) will be focusing on inspection, testing and certification of import and export products. At the same time it will also serve as a liaison office between AQSIQ and the relative Hungarian counterparts. To facilitate international trade and help manufacturers and importer/exporters meet relative market entrance requirements, it will take full responsibility and fulfill its mission providing inspection, certification, testing and consultancy services to the local clients in Hungary and other Central and Eastern European countries.

The activities will be focusing on but not limited to the following areas:

1. Pre-shipment inspection on reusable scraps and raw materials such as paper, plastic and metal exported to China according to relative Chinese regulations and environment protection standards.
2. Onsite factory inspection on manufacturers and testing on products according to technical requirements specified in relative Chinese standards within China Compulsory Certification (CCC) product approval system.
3. Testing services on food and non-food consumer products subject to technical requirements specified in relative Chinese regulations and standards.
4. Consultancy, certification and conformity assessment services based on internationally accepted practice, criteria and standard.
5. Coordination and communication between Chinese and local authorities in charge of quality supervision, market surveillance and quarantine matters to facilitate bilateral trade. Provision of necessary technical support for government authorities based on specific mandate and authorization with respect to quality control and consumer and environment protection.

Based on CCIC's international operation experience, cutting-edge technologies and global business network, CCIC East Europe Co. Ltd (CCIC Kelet-Európai KFT) will make constant efforts to establish its competency, expand its business scope, improve its service to meet demands from both market and government.
