Website	www.easyline.co.il
Year of Establishment	2001
No. of Employees	20
Offer No.	105641
Summary of offer	<i>Import / Export / Joint Venture</i> Manufacturing ready-to-use liquid formulas
Description of Offer The company is privately owned and has developed a line of Enteral nutrition formulas and nutraceuticals for a variety of patients. The company is a leading company in the field of medical food, liquid and powder formulations in Israel. The products are manufactured in Israel with the highest quality of material and packaging in accordance with internationally recognized standards by ISO 9001:2000, Haccp, GMP and KOSHER certificates. The company has revolutionized the nutritional supplement and nutraceuticals market in Israel with its determination and dedication, and strives to find innovative solutions in the field of nutrition for global international markets. The supplements are essential in meeting nutritional requirements for patients who are recovering from illness or surgery, are at nutritional risk, require low cholesterol and lactose-free diet, suffer from involuntary weight loss or require modified diets. These formulas are designed for tube feeding and oral supplements (for people who are bed-ridden and are unable to eat by themselves). The formulas are also suitable for healthy people who need a very concentrate food such as field soldiers who has to consume approximately 4000 Kcal/day, or in case of natural disasters – when food is not available (the formula can replace a complete balanced meal).	

In addition, the company has a very unique formula manufactured in UHT technology and is based on soy. This kind of formula is suitable for vegans and for people who are suffering from milk allergy.

Since the production of these products is complicated, its development is very scarce worldwide.

Company's clients include doctors, dieticians, pharmacies, hospitals, day-care facilities and nursing homes.

Potential Partners	Manufacturers and / or drug distributors, and / or medical equipment suppliers and/or nutritional supplements and nutraceuticals suppliers.
