

## EU SME Centre @ CEEC 2013

The EU SME Centre is supporting a European Pavilion at the [Clean Energy Expo China](#), one of the largest green energy trade fairs in China, next month.

**Matchmaking at the European Pavilion  
Clean Energy Expo China 2013**  
*Your gateway to the world's largest green tech market*

**3 - 5 July 2013**  
**China National Convention Centre, Beijing**

One month left to sign up for the European Pavilion at this year's Clean Energy Expo China! Join innovative European brands and get introduced to business partners with support from the EU SME Centre.

Take advantage of reduced rates and:

- Promote your products to key Chinese decision makers;
- Benefit from matchmaking services on-site;
- Get your questions answered by experienced market experts;
- Find out where the real market opportunities are and how to use them;
- Network with fellow green tech companies and trade service providers.

To apply and for full details on the pavilion programme
