So the 256 hectares of territory and 50 hectares of production territory stayed without utilization during 15 years.</p> <p>It is right that, the problem concerning the construction of automobile plant was considered by the government after Azerbaijan had obtained its independence. Since 1994 the giant and famous automobile companies of Italy, Korea, Japan, France and Germany have interested in the institution. But the negotiations held with them ended without result.</p> <p>In December 2004 Ganja automobile plant began its activity and the first car combined at the factory was issued. In 2005 the plant signed an agreement on cooperation with Changan and Lifan automobile corporations. During the mentioned time, first “Changan” automobiles start to be assembled at the plant. Nowadays, 3 main models are assembled at the plant, which are “Ganja” Trucks, “Belarus” tractors and “UAZ” passenger cars.</p>
