The **Innopolis** Special Economic Zone (SEZ) was established on the territory of the city in order to bring to Innopolis the largest and promising technology companies from all over the world.

Accommodation in Innopolis SEZ gives a set of advantages to companies. A key infrastructure facility of the SEZ is the Technopark. It is a complex of modern buildings, in which all conditions for residents' comfortable work are created.

At the moment, A. S. Popov Administrative and Business Center designed for 2,500 specialists is ready for operation.
