

**INNOVATION
NEST**

Dear Western Balkan Entrepreneurs,

Today, we are more than happy to announce to You personally, the open call to be part of the 1st Balkan Business Angel Network, called **Innovation NEST (IN)** for Western Balkan 6 countries (WB6).

The **Innovation NEST Festival (IN Fest)** will be organized on October **24th & 25th, 2019** at **ARTurbina, in Tirana**.

More than 1000 participant, more than 30 booths expose, more than 30 best business ideas, more than 25 potential investors are kindly invited from the Balkan region to be part of this important event in our country.

After a great experience of the **1st edition** of Innovation Festival in 2018, in Tirana were presented **58 pitches** SME's & start-ups ideas and over **500 attendees** from more than **14 countries** all over the world. More than **36 potential** investors were attending the **3 days festival**. More than **4 final agreements** between start-ups ideas and investor, and their success story successfully goes on nowadays. More than **38 Entrepreneurs & 6 mentors** in business development from across the Balkans region and beyond presented & talk through b2b process their best practices, ideas and innovative projects in ICT, Tourism, Energy, Agro industry, medtech, biotech, environment & health, creative industries and services.

<http://innovationfest.al/>

All the best business ideas, start-ups or developed enterprise to be in front of the most influential nation, Balkan & International Investors.

Together we can empower our business ideas and entities teams to innovate and to move faster from concept to market success in our country, regional and internationally.

Innovation NEST will help companies to build powerful innovation strategies, discover unmet customer needs, imagine effective solutions, and prepare for market launch.

Through our Innovation NEST strategy, training & accelerators program that start end of March 2019- September 2019, we will fully support/facilitate the best entrepreneurship ideas transform into innovation-driven organizations.

**INNOVATION
NEST**

Innovation NEST will become a part of the company's DNA by building and coaching an internal innovation team and we fully believe that through innovation process have a long-term advantage. When we work with clients, we always aim to build a sustainable, in-house innovation capability.

So, here we are! Walking together.

Apply now for a brilliant business idea **until March 15th, 2019.**
