

Dear EU Investors and Business Persons:

The Delegation of the European Union to Guyana is organizing a business mission to Guyana from November 20-22, 2023, in collaboration with Trade Promotion Europe, the Guyana Office for Investment and other local and regional partners. This mission is part of the EU's efforts under the Global Gateway initiatives, which aim to reduce the global investment gap by facilitating smart, clean and secure investment in sustainable infrastructure that connects goods, people and services globally. Guyana is one of the fastest growing economies in the world and we want to ensure that EU companies play a significant role in the development and growth of this market.

We invite you to join our mission, and if you would like to do so, you can visit [our website](#) for more details on how to register your participation.

We also present a new opportunity to learn more about this market and how your industry and company can benefit from current market conditions. You can join us for this webinar using the link below. See the details:

October 4th, 2023 14:30 Brussels time
