

Startup contest for open innovation with Japan

Japan Challenge for Society 5.0

—Accelerate Innovation with Japan—

Environmental Friendliness

Help to build a more sustainable Japan;
Net-Zero/Carbon-neutrality for a positive future

Labor Shortage & Improving Productivity

Calling for big solutions to a shrinking workforce;
Fewer workers doesn't have to mean fewer results.

Smart & Resilient Japan

Help build a safer and smarter Japan through data
utilization and innovation;
Be the smartest city in the world.
