VI INTERNATIONAL EXHIBITION OF ARMS AND TECHNOLOGIES

KADEX is the largest multiprofile congress and exhibition event of defense, aerospace and cyber security industries in Central Asia. It is wide scale and the best regional platform for innovative defense and security companies worldwide to present their product and solutions to the relevant decision-makers and practitioners.

The capital city of Kazakhstan hosting the exhibition became known as an open neutral platform for international and regional political cooperation. Participation in the exhibition is an effective way for building partnerships, functional dialogue and mutually beneficial cooperation with all parties.

"The signed business agreements and contracts will contribute to the development of international cooperation and partnership between domestic and foreign enterprises in military industry. It will also help attract investment, increase export potential, and competitiveness of the economy in general. I am sure, KADEX exhibition will expand defense technical cooperation and will be held at a high level".

Nursultan Nazarbayev,
The First President of the Republic of Kazakhstan

OFFICIAL DELEGATIONS

KADEX traditionally welcomes official delegations, headed by high ranked officials: ministers, vice-ministers, chiefs of staff, and heads of national armament forces, civil defence and customs. Heads of delegations are always accompanied by national technical experts, ensuring a comprehensive assessment of the exhibition and conferences.

contracts and memorandums between companies and military forces

BUSINESS PROGRAM

Extensive business program is indispensable part of KADEX and it is always place for defence decision makers and world's innovation leaders to discuss and bring ideas and solutions related to technological issues of defence industry. It is a tradition now to hold the three largest industry conferences alongside the exhibition. They cover defense and space industries and information security issues.

DEMONSTRATION PROGRAM

KADEX is traditionally held at the military sector of the international airport therefore there are wide possibilities for life demonstrations of both land and aircraft units. Exhibiting companies are invited to host their demonstrations of vehicles and crafts. Demonstration program provides unique opportunity to present real driving and flying performance of advanced technologies, armament, military equipment for the armed forces. Spectacular presentation is always of great interest from media, ministries, official delegations and general visitors.
