

NxN - Connections that Continue Formal Invitation

Dear member of the Slovenian-Dutch innovation and business network,

The Slovene Dutch Business Platform (SDBP), in partnership with the Embassy of the Republic of Slovenia in The Hague, and co-organized with VTIS and Holland Circular Hotspot, is pleased to invite you to an exclusive evening to honor H.E. Jožef Drofenik, Ambassador of the Republic of Slovenia to the Kingdom of the Netherlands, as he concludes his diplomatic mandate.

This special edition of NxN (Networking x Needs) will bring together distinguished members of the Dutch-Slovenian business community, institutional partners, academics, and entrepreneurs for an evening dedicated to creating new connections and bolstering already existing collaborations.

SDBP created NxN with a simple yet powerful idea: businesses should not only network, but openly share their needs, challenges, and ambitions so that others within the network can contribute business solutions, expertise, and opportunities.

The event will feature a farewell keynote address by Ambassador Drofenik, followed by a networking reception designed in the NxN format.

Date and location: 4. June 2026, 17:30 – 20:00, Kienhuis Legal, Utrecht

Attendees:

- Selected Dutch-Slovenian business representatives
- Institutional partners
- Members of VTIS – Association of Slovenes Educated Abroad
- Members of Združenje prijateljev Slovenije
- Representatives of Holland Circular Hotspot

Attendance by application only (the special event is free of charge):

APPLICATION FORM

Kind regards,

Slovene Dutch Business Platform (SDBP)
