Metropolia

Górnośląsko-Zagłębiowska Metropolia as the New Host of the New Mobility Congress from 2025!

Upper Silesia, long associated with heavy industry and mining, now radiates green energy and surprises with its modernity! Together with GZM, we've decided to move the New Mobility Congress to Katowice to co-create the most important event for sustainable mobility and zero-emission technologies in the CEE region!

New Mobility Congress | Explained best by inspiring leaders!

#KNM Insights

Accelerating the path to Net Zero is a priority for the British government. Legislative changes aimed at achieving climate neutrality also address the crises of recent years, such as the energy crisis and Russia's attack on Ukraine.

Anna Clunes
British Ambassador to Poland
— KNM 2023

#KNM Insights

We need clarity, long-term vision, and stability. The year 2035, as the deadline for the registration of combustion vehicles, provides precisely this in the context of production plans and customer offerings. It remains valid.

Eddy Liegeois
Head of Transport Networks Unit,
European Commission, DG MOVE
— KNM 2024

#KNM Insights

Kongres Nowej Mobilności jest ważnym wydarzeniem nie tylko w Polsce, ale i w całym regionie Europy Środkowej. Dekarbonizacja oznacza nie tylko wyzwania, ale i ogromną szansę dla europejskiej społeczności.

Maroš Šefčovič
Executive Vice-President,
European Commission
— KNM 2023

#KNM Insights

The effects of climate change are visible everywhere, which is why we must also work on geopolitics and legislation. We must move away from fossil fuels and become more effective and efficient in our action.

Ovais Sarmad
Former Deputy Executive Secretary / ASG,
Former IOM Chief of Staff, UNFCCC
— KNM 2023

#KNM Insights

Transformation requires huge investments, but it will be a joint effort. Banks such as the IFC World Bank Group can collaborate with governments or the European Commission and help promote the energy transformation.

Ines Rocha
Regional Director for Europe, International
Finance Corporation World Bank Group
— KNM 2024

#KNM Insights

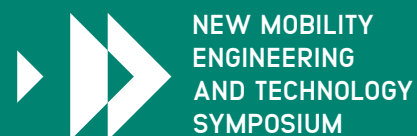

The pandemic took down barriers, it showed actions could be taken, fast. It's time to move from talking to doing for a sustainable mobility.

Gil Peñalosa
Founder & chair,
8 80 Cities / Cities for Everyone
— KNM 2024

Engineering & Technology Symposium

NEW MOBILITY
ENGINEERING
AND TECHNOLOGY
SYMPOSIUM

#Where innovation meets industry

New Mobility Engineering and Technology Symposium 2025 is a platform for the exchange of engineering knowledge and a forum for innovations, presenting the latest research and technological solutions in the field of new mobility.

newmobilitycongress.com

■ SIDE EVENT

Startup eHub #Pioneers Become Leaders

#CEE as a powerhub for innovation

The event is aimed at entrepreneurs creating technological startups at various stages of development, seeking partnerships and providing an opportunity to exchange experiences and integrate the startup community in Poland.

Smart City Pavilions

**The largest sustainable mobility
fair in the region for technology
suppliers and recipients**

This is the only zero-emission exhibition zone of this scale and modern product park in this part of Europe. It offers manufacturers and suppliers a wide range of exhibition opportunities to present themselves, their products and services to an international B2B, B2G, and B2C audience.

23–25/09/2025
