2024

The fourth edition finished with attracting over 220 participants from more than 12 countries, along with 12 esteemed panelists and eight commercial presentations from notable domestic and international companies.

# Macedonian Solar Association

## Solar Macedonia

The association is a professional, scientific, educational, and non-governmental organization dedicated to enhancing collaboration among companies in the solar energy sector, including manufacturers, contractors, importers, and traders. It also aims to connect experts and scientists from all disciplines to promote the greater adoption and utilization of renewable energy sources.

*With over 120 domestic and international members,* the association is also a certified training center for solar installers. Additionally, we assist companies in utilizing software for designing solar systems.

# Macedonian Solar Association, Solar Macedonia

Strategic partner of the biggest solar fairs in EUROPE: ENERGY KEY EXPO in Rimini, INTER SOLAR in Munich-Germany.

**BUSSINESS DELEGATION  
PARTNERS OF INTER SOLAR**

SME Association/Grouping

Solar Trade Association Limited (REA)

SME Association/Grouping

Bluesky International Limited (Bluesky)

Other enterprises or end-users

Solartech Ltd (Solartech)

Other enterprises or end-users

# Why get involved?

## Reason 1

Your company receives the epithet of an eco company that cares for its consumers and the environment. The association has more than 105 members (domestic and international).

## Reason 2

You help in education about what should be paid attention to when choosing energy efficient equipment.

## Reason 3

You get space on our promotional materials, in locations that are easily noticeable by visitors, as well as on the electronic media for the conference.

## Reason 4

Be ahead of your competitors in solar equipment investments by supporting these types of initiatives.

**WE INVITE YOU TO BUILD  
TOGETHER THE FUTURE OF THE  
SOLAR SECTOR IN MACEDONIA.**
