

PRESS RELEASE

Seminar on Russian Innovative Projects: Comfortable and Safe Living Environment.

Awareness-Raising Seminar: “Russian Innovative Projects: Comfortable and Safe Living Environment” will be held on 17 October, 2017, at 10:00, at the RCSC (Russian Centre of Science and Culture) in Ljubljana (Slovenia).

Program of the Seminar:

I. The first part of the Seminar will be devoted to the presentation of Russia’s achievements in the area of modern applied science (physics, chemistry, biology, robotic engineering, cybernetics, etc.). Then the authors, on-site and remotely, will present advanced science-intensive projects that may be of interest for the European customers, for entrepreneurs, investors and venture capitalists.

II. The second part of the Seminar is meant for the informal discussions of projects and terms of cooperation. Authors of the projects will answer the seminar participants’ questions.

On the Russian side, the Seminar will be attended by representatives of the leading Russian technology parks, innovative enterprises. Projects in the following areas will be presented:

- *Industrial manufacture;*
- *Electronics,*
- *Telecommunication;*
- *Transport;*
- *Materials technology;*
- *Renewable sources of energy;*
- *Environmental protection;*
- *Waste management;*
- *Medicine, Health.*

All the presented developments have no comparable counterparts in the world and compete favourably with the best developments in the USA, Germany and Japan.

Being a venue for the meeting of experts, scientists, developers, investors and businessmen, the Seminar at the RSCC in Ljubljana affords an opportunity for discussing professionally both technical issues of the presented projects and matters of business cooperation between Slovenia and Russia. It is anticipated that the Seminar will result in the signing of a number of documents on the strategic partnership, industrial implementation of Russian innovations, establishing up-to-date production facilities and output of science-

intensive products for the consumers from the European Union (EU) and the Eurasian Economic Union (EAEU).

Seminar **organizers:** Russian Centre of Science and Culture in Ljubljana and RexLex Nova - Russia's first international technology broker (Saint Petersburg).

Seminar **moderator:** RexLex Nova

The seminar is held in the English language.

You are invited to take part on the Seminar. We will be awaiting you at the RSCC in Ljubljana on 17 October, at 10-00, at: Ciril-Metodov trg. 1, Ljubljana

The number of participants is limited.

We would ask you to confirm your participation before 10.10.17: info@ruskicenter.si
